

Ecohome Financial's "myhome wallet" generates high-quality leads to accelerate your business. We provide vetted and pre-approved customers that have identified their home-improvement needs.

Motivated leads

Pre-Qualified Loans

We provide an easy process to prequalify new home-owners for home-improvement loans. Loans are open with low-monthly payments (Up to 120-month terms available)

Identify Needs

Customers self-identify their home improvement needs: we offer this qualified lead to dealers in their neighbourhoods

Hassle-Free Payment

We pay you directly for the services provided

We help you

We reduce the cost of acquisition

We provide targeted and motivated leads

All leads have a high-probability of closing

How we do it

We work with mortgage brokers/agents and real estate brokers/agents to help them close more home sales. myhome wallet provides up to \$30,000 for home improvement services that the homeowner can enjoy now.

myhomewallet@ecohomefinancial.com

We provide leads for many home-improvement categories:

Air conditioners	Fireplaces	Hot water tanks	Home siding
Air handlers	Flooring	Kitchen renovations	Spas
Basement repairs	Furnaces	Plumbing projects	Sunrooms
Bathroom renovations	Heat Pumps	Porch enclosures	Tankless water heaters
Boilers	Hepa filtration systems	Roofing	Water treatment systems
Doors	HRV systems	Security systems	Windows

How Does It Work?

1

Instant pre-approval

Use our award-winning mobile platform to scan your clients ID and enter information

2

Home Improvement Goals

Consumers select their home improvement goals and write a brief description

3

We send the lead to you

We identify customers that are in your area

4

You close the deal

Each lead is a pre-approved customer who needs your services

The project is funded!

When the homeowner's project is complete, we pay you

EcoHome's market leading consumer engagement solutions help deliver a smooth customer experience by utilizing phone, email and SMS communication platforms
